From the Chief Engineer (Irrigation) 136/49-REP, dated 9-8-49.

ASST. SECRETARY TO GOVT. ... 1 SEP 49 REVENUE DEPARTMENT

Applications are being received from political sufferers for the assignment of lands commanded by the Basavanna channel in Kamalapuram Malapanagudi villages. These lands are valuable and their assignment was prohibited and it was ordered that all assessed and unassessed waste lands should be sold in public auction before assignment. An entry was made to that effect in the prohibitive order book maintained in this office in 1926.

I request you to let me know whether these lands can now be debited from the list of prohibitive order book and assigned to the political sufferers in view of the valuable service rendered by them to the country. The applicants are also told that they can select some other S.Nos. which are not in this ayacut if they choose, to do so.

There seems no objection to assign to Political sufferers the lands which are commanded under Basavannah channels in Kamalapuram and Malapuram villages. Individual cases of S.Nos. will naturally have to be referred by the Collector to the Executive Engineer for report whether the land is required for Public Works Department purposes. Subject to this stipulation the ban on the assignment of prohibited lands may be lifted.

To A.S.

Please see the Board's Reference on p. 5 C.F., the Memo. on p. 11 C.F. and the Board's reply on p. 13 C.F.

2. The Board has requested that the ban on assignment of lands commanded by the Basavannah channel in Kamalapuram and Malapanagudi villages may be lifted so that they may be assigned to political sufferer after consulting the Public Works Department authorities. It is seen from the Collector's letter dated 9-1-1950 (copy on p. 13 C.F.) that the lands in question were entered in the Prohibitive Order Book under the orders of the Collector as the lands were valuable and their sale by public auction was considered necessary. The Collector himself seems to be competent to remove the lands from the Prohibitive Order Book as they were included only under his orders. Presumably the Board wants the orders of the Government as the proposal is of a general nature applicable to all lands commanded by the Basavannah channel in the two villages.

3. The Chief Engineer (Irrigation) has no objection to the assignment of these lands to political sufferers subject to the condition that the Collector ascertains from the Executive Engineer whether the land is required for Public Works Department purposes. Recently the Government have permitted the assignment to political sufferers of lands that might be released from the prohibitory limits of the Romperu drain consequent on the execution of the Romperu drain project. One of the conditions is that the extent of land to be assigned to a particular person is limited to 5 acres and political sufferers who are granted 5 acres in this area will not be eligible for grant of any more lands elsewhere. For orders whether on this analogy

the lands ~~connected~~ Commanded by the Basavannah channel in Kamalapura and Malapanagudi villages may be permitted to be assigned to political sufferers subject to the condition proposed by the Chief Engineer (Irrigation) and also subject to the conditions referred to at A/p/1 above.
